Mr. John Schommer, Inventor J V Manufacturing, Inc. 228 Venture Street, Suite 102 San Marcos, Ca 92078

Dear Mr. Schommer:

Thank you for introducing me to your incredible Watermiser™ Waterbroom. I have been maintaining, resurfacing and cleaning tennis courts and decks for the last 13-14 years. During that time, I have used power washers, hoses and nozzles, and various types of water brooms. All of these devices leave much to be desired. Besides being labor intensive, they all use too much water, plus they leave the area wet and puddled.

I have been using the Watermiser<sup>TM</sup> Waterbroom for well over a year. My Staff and I have found that it's one tool we can't live without. We've noticed we can clean quickly and easily without wasting time or water. The Watermiser<sup>TM</sup> Waterbroom uses the venturi effect which creates a combination of air and water pressure to do the cleaning, leaving the area extremely clean and virtually dry. The Watermiser<sup>TM</sup> Waterbroom has produced unexpected and significantly improved results over any other method of cleaning I have used.

Sincerely,

DIVERSIFIED SURFACING & SUPPLY, INC.
